

FIRE SAFETY TRAINING SESSION

Shivalik Public School, Phase-6, SAS Nagar, Mohali, organized a Fire Safety Mock Drill and training session on the use of fire-fighting equipment for its school bus drivers, conductors, and peons to strengthen safety preparedness on the school premises.

The objective of the activity was to sensitize the support staff to fire safety measures, emergency response, and the correct use of fire extinguishers during accidental situations. The session was conducted by Mr. Rajveer, who gave a live demonstration on handling various fire safety equipment, especially ABC (cylinder) fire extinguishers, and explained the basic precautions to be followed in the event of a fire emergency.

During the mock drill, participants were guided on identifying fire hazards, using fire extinguishers effectively, and following proper evacuation procedures. The hands-on training helped the school transport staff gain practical knowledge and confidence to respond promptly during emergencies.

The session concluded with a brief interaction about essential safety guidelines and emergency protocols.
