

# Monthly Planner for August : Class- V

Dear Parent,

Greetings from the Shivalik family!

Welcome to the vibrant month of August!

August brings with it a spirit of celebration and unity as we honour our nation's independence and work together to build meaningful connections.

## The Skill of the Month is SOCIAL INTERACTION

At SPS we deeply value the significance of social interaction in nurturing both personal and academic development. It is a wonderful time to nurture values that help our children grow into confident and responsible individuals.

Social interaction helps students develop confidence, cooperation, and effective communication.

In August, we're focusing on two important United Nations Sustainable Development Goals:

- **SDG 3: Good Health and Well-being** – Learning how positive relationships and caring for one another contribute to overall happiness and health.
- **SDG 4: Quality Education** – Understanding how sharing ideas, helping peers, and learning together lead to better opportunities for everyone.

Through these focus areas, we aim to build not only knowledge but also strong bonds that make learning joyful and meaningful.

We are sharing the syllabus to be covered in this month.
