

Inter-section EVS quiz competition

With an aim to inculcate general awareness among the students, Shivalik Public School, Mohali organized an Inter-section EVS quiz competition for the students of class 4. They were asked questions related to General Knowledge as well as environmental surroundings with a prime focus on issues correlating with real life. All the students participated with great zeal and enthusiasm in the quiz competition. The mindful participation of students was duly praised by our Principal ma'am, Mrs. Anupkiran Kaur, who culminated the quiz with her motivational words and crowned the winners with token of appreciation.
