Art is about expressing your individuality, but we can also make something pretty incredible when everyone pool in their talent.

To celebrate World Art Day , on April15, 2023, the students of Shivalik Public School, Mohali showcased the magnificently unique artwork through their creativity by working collaboratively to  make collages based on different themes like Soar off on unique feathered wings, Fill a giant flower vase, Chain together paper hearts, assemble an altered puzzle etc. These activities inspired the students to dream higher, to stay united, to live in harmony, to express themselves through art. Students also talked about importance of different forms of Arts in life.
