

## MATHEMATICIANS AND THEIR CONTRIBUTIONS

“Education is not the learning of facts, but the training of the mind to think.” - Albert Einstein

India has had a long legacy of extraordinary teachers and scholars who had immense knowledge about mathematics and astronomy. From discovering the concept of zero to calculating the correct days in a year, mathematicians in India have been at the forefront of challenging the norms as well as a thirst for knowledge. In order to make students aware about the contribution of various Mathematicians, students of Shivalik Public School, Phase VI , Mohali, showcased their creative by collecting information and pictures about mathematicians and presenting it in the classes.
