

Awareness Campaign against Single Use Plastic Ban

Reiterating government's commitment to phase out identified single use plastic items which have low utility and high adverse environmental impact, the Eco Club members (Green Brigades) of Shivalik Public School, Phase 6, Mohali organized an awareness campaign to promote the use of alternative sources instead of plastic. Eco club members distributed pamphlets to the parents and students providing information about 19 banned items under single use plastic such as ear buds, plastic sticks for balloons, plastic flags, candy sticks, thermocups, plastic plates, cups, glasses, forks, spoons, knives, trays etc. Violators using banned items were being penalized, but this mission would only be meaningful when people realize their social duty and join hands with the government for the green cause.
