

Raising Roots of Responsibility

Mohali, April 22, 2025

To mark the occasion of World Earth Day, Shivalik Public School, Mohali, organized a thought-provoking and engaging assembly under the guidance of the Eco Club. The event was graced by the presence of esteemed dignitaries — Dr. Anupkiran Kaur, Principal, Shivalik Public School, Phase-6, Mohali; Dr. Jyoti Soni, Principal, Shivalik Institute of Education and Research; and Dr. Gogi Gupta, Professor of Science, SIER. As a symbolic gesture of gratitude and commitment to environmental stewardship, saplings and eco pin badges were presented to the dignitaries before the commencement of the programme.

The event was led by Ms. Harjashan, who opened the assembly by emphasizing the urgent need for environmental awareness and the role that young individuals can play in safeguarding the planet.

The assembly commenced with an introduction by Jasmin Kaur of Class XII, who warmly welcomed the audience and shared the significance of the day.

Juhi from Class IX-M then clearly presented the core objectives of the Eco Club, focusing on its mission to encourage eco-conscious behaviour among students.

Gaurav of Class X-B elaborated on the theme of the day, centering on climate action and the necessity for sustainable development.

Vidushi of Class IX-M delivered an informative talk on the Sustainable Development Goals (SDGs), underlining how students can align their efforts with global environmental initiatives.

This was followed by a captivating PowerPoint presentation created and presented by Nimrat and Gunjan from Class X-C, showcasing various eco-friendly initiatives and practices already adopted within the school and beyond.

Annya from Class IX-C recited a heartfelt poem on environmental protection, evoking strong emotional responses from the audience.

The event concluded with an impactful eco-pledge led by Deepakshi of Class IX-M, wherein students collectively committed to protecting nature and living responsibly.

The Eco Club assembly proved to be an inspiring and meaningful event that not only educated but also empowered students to take small yet significant steps towards a more sustainable world. The initiative was highly appreciated by the staff and students alike, reinforcing the school's continuous efforts to nurture environmentally aware and responsible global citizens.
