

Shivalik Public School, Mohali, organized a delightful 'Show and Tell' activity for students of Class I on the theme, 'Community Helpers'. The event was a vibrant celebration of gratitude and learning, as young Shivalikians confidently showcased their understanding of the people who serve and support our communities every day.

Students dressed up as doctors, teachers, postmen, firefighters, policemen, nurses, and other community helpers. With creative props and expressive storytelling, each child spoke a few lines about the role they represented, leaving the audience impressed.

The event aimed to build communication skills, boost confidence, and develop a sense of appreciation in students for the unsung heroes of society. Principal, Dr. (Mrs.) Anupkiran Kaur congratulated all the participants and appreciated the efforts of the teachers and parents in making the event successful.
