

Students win top positions in World Environment Day competition

World Environment Day is observed every year across the world to raise awareness about the importance of environment conservation and preservation. To inculcate the values among young minds, Ratan Cherub Foster School organised online events on the theme, 'Only One Earth' offering a global platform for inspiring positive change in the environment. Its

motto was to push individuals to think about what they consume from the ecosystem and a chance to build a greener future.

Students of **Shivalik Public School, Mohali**, bagged positions in different categories. In caption based photograph competition, Hargun of class XII (NM) bagged first position. In the illustration competition, Sakshi Sharma secured the

second position. Samridhi Jha won second position and Hasanspreet Kaur won third position in oratorical competition. Samarpreet Singh secured the first position in power point presentation.

The school authorities congratulated the talented winners and encouraged others to participate in such competitions to get more exposure on important global issues.
